The details of the meetings are as follows

According to the Secretariat of the National Iranian Nursing Research Network based in Tabriz the thirteenth, fourteenth and fifteenth meetings of the "Strategic Planning and Operational Plan" working group were held in Tabriz Faculty of Nursing and Midwifery. The details of the meetings are as follows:

In the thirteenth meeting, which was held on Tuesday, November 9th, the members of the working group present at the meeting, determined the activities for specific goal No. 1 and 2, the person in charge of implementation, the start time of the activity and the end time of the activity were determined after discussion and exchange of views based on the operational plan table. It was also decided that the action plan developed for specific purposes No. 1 and 2, will be presented to the absent members to be finalized and the comments will be reviewed in the upcoming meeting.

In the fourteenth meeting, which was held on Tuesday, November 16th, the comments received by the members of the working group were read and the manner of applying these comments was discussed and decided. The development of an action plan related to the specific goal No. 1 was finalized but it was decided to review the comments on the action plan related to the specific goal No. 2 in the next meeting.

In the fifteenth meeting, which was held on Tuesday, November 23rd, according to the members, goal NO.2, which was entitled "Capacity building to improve the quantity and quality of research and nursing technologies", was divided into two separate goals. For the goal NO. 3, two specific goals were considered. Also, regarding the above-mentioned specific goals, the relevant action plan was written and it was decided to finalize it in the next meeting.
