According to the Secretariat of the National Iranian Nursing Research Network based in Tabriz, the second meeting of the Research-Educational Council (third period) of the Nursing Research Network of the country was held virtually on Saturday, December 18th

According to the Secretariat of the National Iranian Nursing Research Network based in Tabriz, the second meeting of the Research-Educational Council (third period) of the Nursing Research Network of the country was held virtually on Saturday, December 18th.

In this meeting, the proposal was reviewed at the suggestion of Dr. Mojgan Dehghani, Nursing Faculty member of Yazd University of Medical Sciences, entitled "Determining Corona Nursing Research Priorities with Delphi Technique". The aforementioned proposal which was referred to the Educational Research Council by the Corona Nursing Research Working Group was accepted without any alternations. Also, in order to facilitate the activities of the council, Dr. Leyla Jooybari was elected as the head of the council by a majority of votes (9 out of 10).
